

CVCC 2023 Student Success Outcomes

CVCC's Opportunity 2027 Strategic Plan 1st Biennium Measurable Goals (AY 22) - CVCC's current minimum thresholds of acceptability for enrollment, retention, progress, credential completion, and transfer measures are CVCC baseline data determined in 2015 and used as a benchmark for VCCS performance-based funding measures. CVCC evaluates measures of student achievement against the 2015 baseline, and either the previous year's achievement outcomes (N), or the average of the 23 VCCS Institutions (%). Notes:

- (1) 1-Year percentage point and count changes for college are based on observed changes relative to the VCCS Performance Funding Metrics between the 2022 and 2023 VCCS analyses.
- (2) College Comparison percentage point differences are based on differences between 2023 college performance on the given VCCS Performance Funding Metric and average performance across all VCCS colleges in 2023.
- (3) Performance on the metrics under the categories of Entry and Retention and Progression are reported as rate (percentages), while performance on metrics under the category of Completion are reported as counts (numbers). This difference is due to the nature of the metrics.
- (4) For information related to funding, the % of VCCS Points refers to the number of college points on that metrics relative to overall VCCS points. For reference, a college awards a proportion of total FTES, and would thus receive that percentage of VCCS points if performing as expected for its size.
- (5) See Definitions Tab for details on metric definitions, points, and cohorts.
