Consistent with policies, procedures, and regulations governing the establishment and operation of the comprehensive community colleges of Virginia, the Central Virginia Community College Board shall act in an advisory capacity to the State Board and shall perform such duties with respect to the operation of a single comprehensive community college as may be delegated to it by the State Board. The community college board shall be known as the Central Virginia Community College Board and may be called the college board.

Duties and Responsibilities

A college board shall perform such duties with respect to the operation of a community college as may be delegated to it by the State Board. In general, a college board is responsible for assuring that the community college is responsive to the needs existing within its service region within the statewide policies, procedures, and regulations of the State Board.

The specific duties of a college board include the following:

1. The college board shall elect a chairman and other such officers from its membership as it deems necessary and shall adopt such rules and regulations as are considered necessary to conduct its business in an orderly manner. The specific duties of a College Board include the following:
2. The college board and the members thereof shall serve as channels of communication between the State Board and the governing bodies of the local political subdivisions.
3. The college board shall submit its recommendations to the State Board for a name for the community college and each campus of a multi-campus college. In the name of each community college shall be included the phrase "Community College." The college board shall be authorized to provide names for any facilities on the college campus. The naming of a Virginia community college should reflect the values of inclusive and accessible education articulated in the VCCS (Virginia Community College System) mission statement, *with special emphasis on diversity, equity, and opportunity*, and be relevant to the students it seeks to serve and to the geography of its service region.
4. Each college shall adopt procedures regarding the naming of major facilities on its campus(es). The procedures may provide for naming on the basis of significant service but should also provide incentives and recognition for private sector giving to support the college. Recognition for private sector giving should typically occur after the gift has been received rather than on a prospective basis.
5. A current copy of the procedures should be provided to the Office of Facilities Management Services. Individuals are not eligible for a naming award if they are currently employed at the college or elsewhere within the Virginia Community College System, are serving on the local college board,

or serving on the State Board for Community Colleges. In addition, per the Code of Virginia, no college building, park, road, bridge, or other structure shall be named after a sitting member of the General Assembly. A separation from such employment or service of at least one month is a prerequisite for consideration for eligibility of an award.

6. The college board shall provide recommendations to the State Board on the development of the site plan and on the design, and construction, of facilities for the community college.
7. The college board shall participate with the Chancellor and the State Board in the selection, evaluation, and removal of the president of the community college in accordance with procedures adopted by the State Board.
8. The college board shall participate, with the college president, the Chancellor, and the State Board, in the development and evaluation of a program of community college education of high quality in accordance with procedures adopted by the State Board. In that context, a college statement of purpose shall be developed by the college community. It shall be approved by the college board and reviewed and approved by the Chancellor on behalf of the State Board. This statement of purpose shall tailor the VCCS Mission Statement to the particular needs and circumstances of the college.
9. The college board shall be responsible for eliciting community participation in program planning and development, establishing local citizens' advisory committees for specialized programs and curricula, and approving the appointments of all members of these committees.
10. The college board shall review all new curricular proposals for the community college and shall recommend those proposals that it supports to the State Board. It shall also review proposals for the discontinuation of programs and shall communicate its recommendations on such proposals to the State Board.
11. The college board shall oversee the development and evaluation of the community service program for the community college and may authorize the president to grant an "award of completion" to a person successfully completing an approved non-credit program.
12. The college board shall be kept informed of the fiscal status of the college by the college president and shall receive summaries of the biennial financial plan and the annual spending plans.
13. The college board shall review and approve a detailed local funds budget for the community college as prepared by the college president within State Board guidelines and shall submit this proposed budget to the State Board for review at the time of its submission to the local political subdivisions. In addition, the college board shall submit a financial statement showing detailed expenditures of such local funds to the local political subdivisions and the State Board at the end of the fiscal year.
14. The college board shall be responsible for reviewing and approving local rules on student conduct developed by the college president within the guidelines of the State Board.
