Counseling Services

As a service to students and to the community, the College maintains a staff of navigators and academic counselors on the main campus and at the off-site centers who assist students in making decisions regarding their educational, vocational, and career plans. Counseling Services also provides resources regarding academic, career, transfer, and college success services.

Upon faculty or staff identification of a student with emotional, financial, health, family or similar issues, the faculty or staff member should refer the student to the CVCC Counseling Services via phone at 434-832-7800 or email at counselingdept@centralvirginia.edu.
